

Simplify Payroll Taxes for Your Deskless Workforce

In this era of the deskless worker, our cloud-based platform simplifies payroll processes for your entire workforce, no matter where they call home.

Businesses running remote workforces choose Greenshades for our all-in-one cloud-based Payroll, HR, and Tax solution that works with any general ledger or enterprise resource planning (ERP) system. We've been supporting deskless workers for years, so put our expertise to work for you.

Automate Deadlines

Grow your business leveraging talent from any location knowing your payroll taxes are fully covered.

Automate Multi-Jurisdiction Payroll Tax Processes

Automatically track reporting deadlines and tax calculations for each jurisdiction your workers are in.

Maintain compliance by automatically applying calculations based on reciprocity agreements.

Relieve bottlenecks by automating W-2 processing and delivery to the right parties.

Deskless Workforces Choose Greenshades for Easy Payroll Taxes

Deskless workers require businesses to rethink how they scale across multiple state lines. A cloud-based platform designed to streamline and simplify payroll tax calculations and compliance is the smartest choice for organizations embracing remote work.

With Greenshades, you:

- Automatically stay on top of all jurisdiction requirements
- Unburden your payroll employees
- Ensure compliance with the Affordable Care Act
- Leverage our 20+ years of expertise in payroll and tax for the deskless worker

Enjoy "Float-Free" Taxes

With Greenshades, there is no need to pre-fund a bank account for taxes.

Enjoy Employer-Friendly Tax Management

Manage tax withholdings for employees regularly working in two or more locations.

Employees can update their own employee records whenever they move or have another life event.

Reduce the potential for human error (and burned out payroll teams) by automatically tracking deadlines.

Reduce Manual Work

Automatically calculate and track deductions, minimum wage, and overtime.

Simplify Garnishment Management and Employee Onboarding & Engagement

Preconfigured rules automatically determine which portion of employee earnings are eligible for garnishment.

Foster greater communication and engagement through built-in messaging capabilities.

Role-based access to company documents, ensures the right people have access.

 Discover how simple payroll, HR, and taxes can be.
