

## Enhance Your ERP System With Greenshades

As a long-standing Dynamics GP partner, you can count on Greenshades to handle your payroll, HR, and tax operations.

### Elevate Your Operations with Greenshades Software

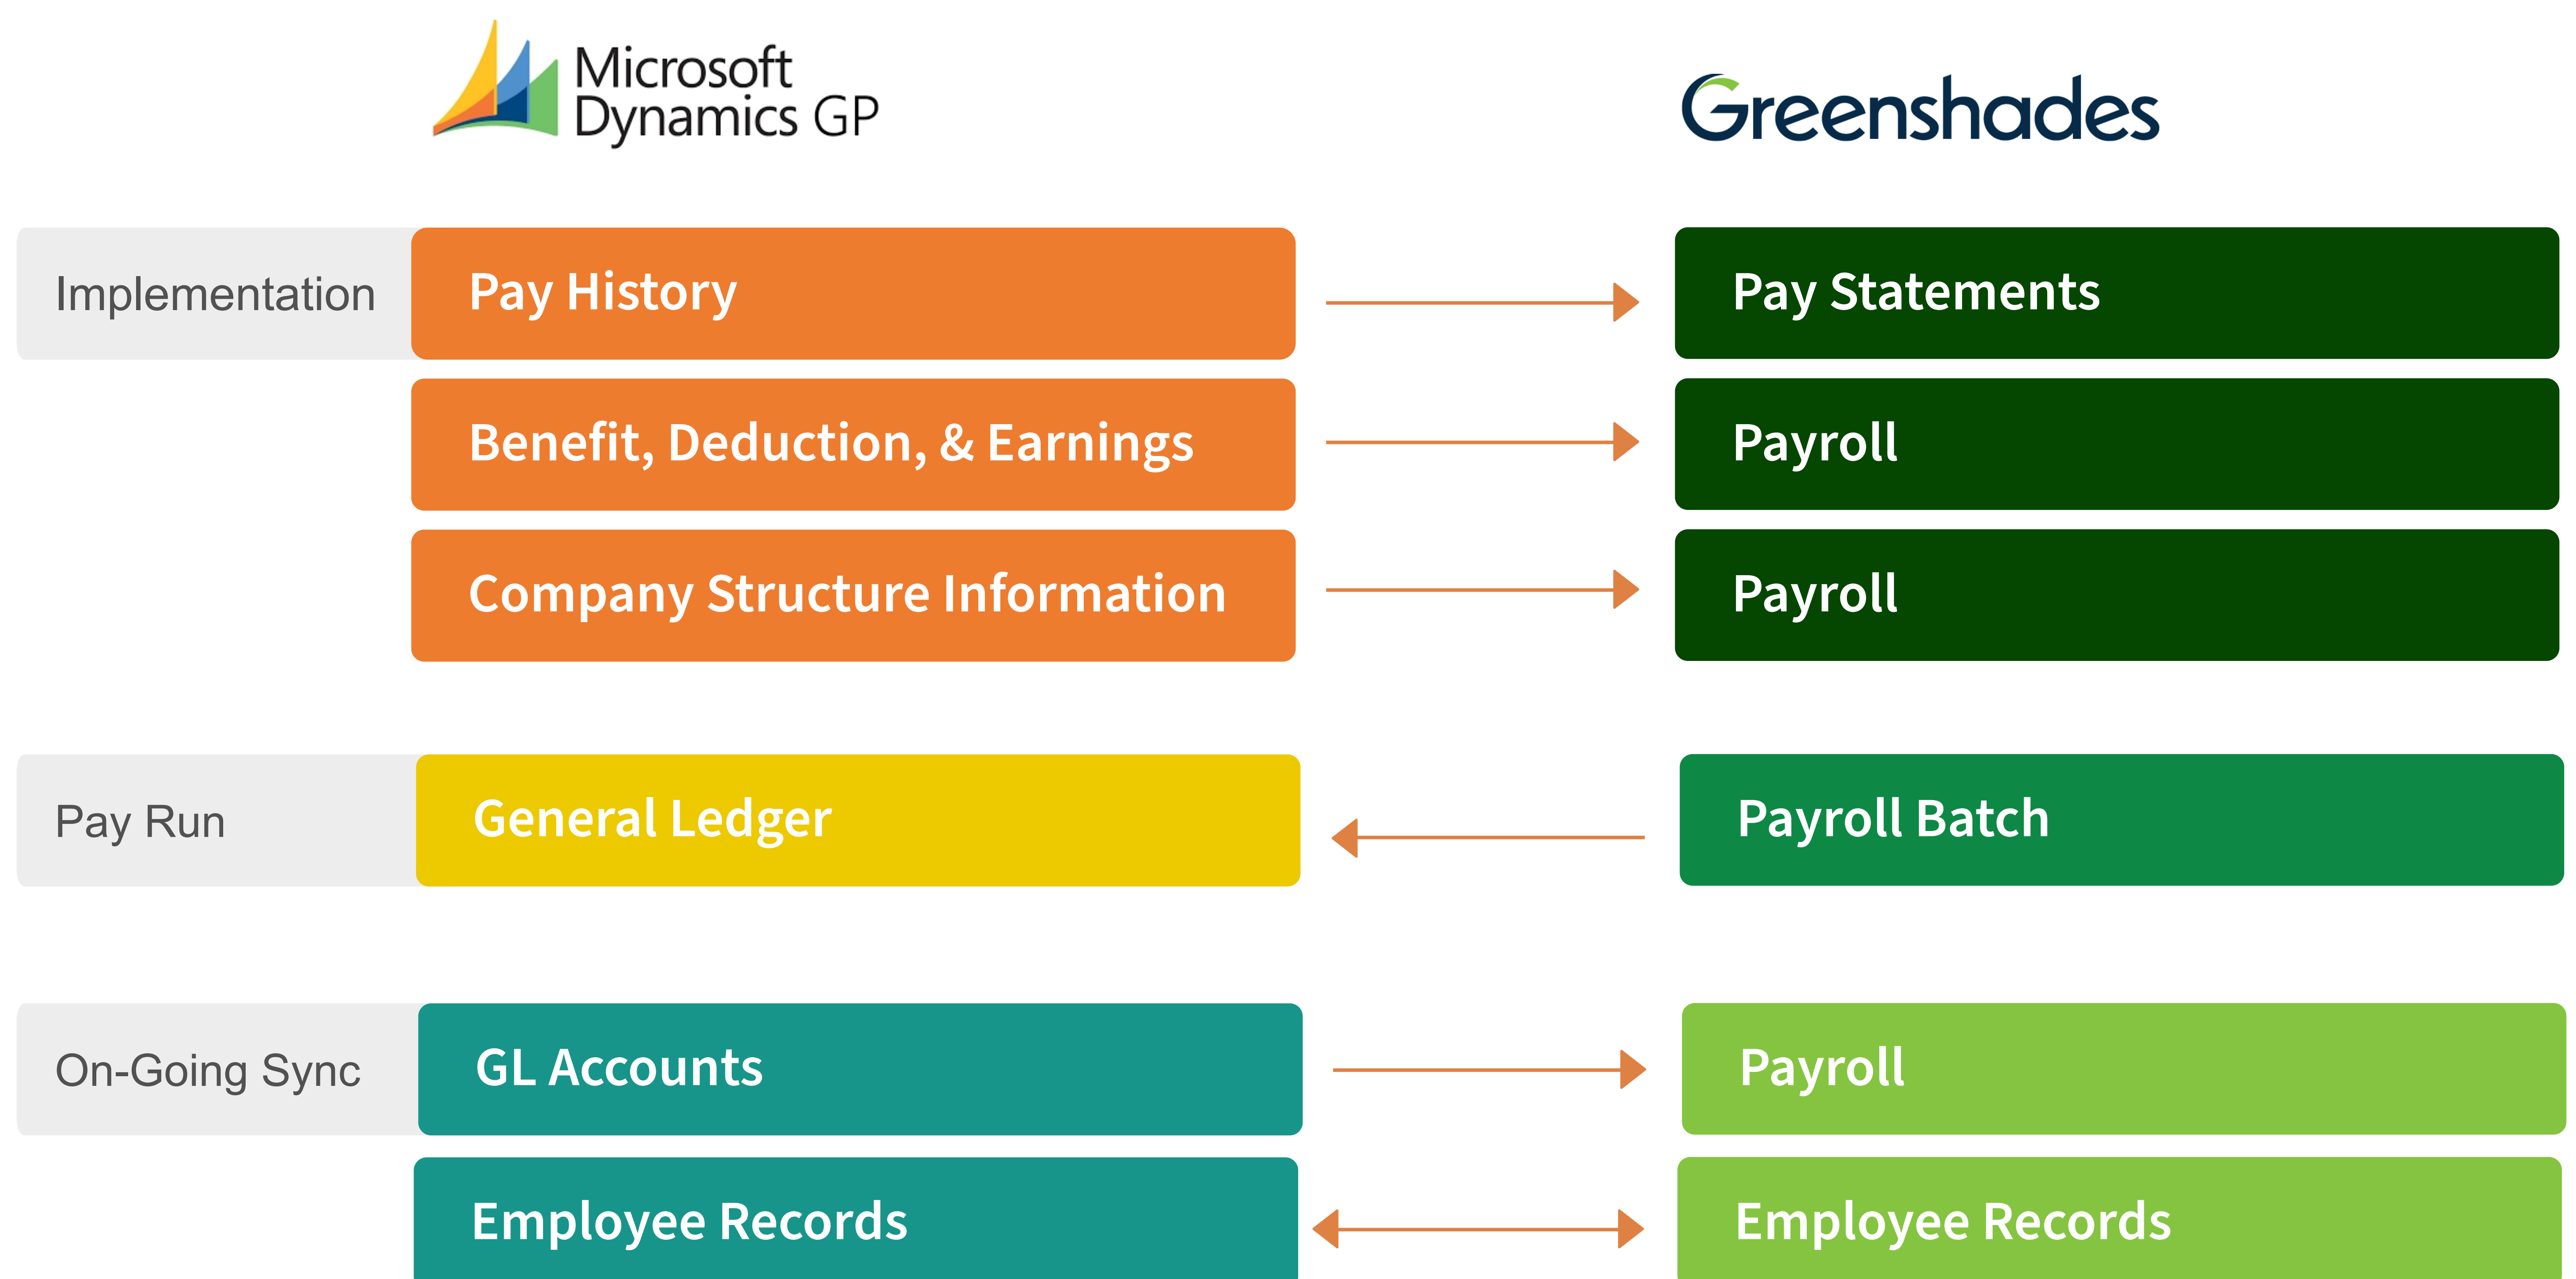

Transform your payroll operations by integrating Greenshades with Dynamics GP, unlocking a new level of efficiency, accuracy, and compliance. Streamline your payroll, HR, and tax management, enabling your business to smoothly adapt to the evolving complexities of the modern business landscape.

### Take Control of Your Payroll

Greenshades' in-house payroll solution provides enhanced control and flexibility, allowing you to tailor payroll operations to your unique requirements. Benefit from features like limitless payroll codes, multiple pay schedules, unlimited pay runs, and direct banking control to mitigate risks.

This solution eliminates the need for pre-funding tax accounts, ensuring better cash flow management and reducing unnecessary fees. Additionally, gain immediate access to critical company data and effortlessly adapt to regulatory changes through automated compliance updates.

### Payroll Integration

# All-In-One Solution

Unify all your payroll, HR, and tax needs.

## Compliance Focused

Beyond mere automation, Greenshades payroll proactively updates your payroll tax tables so it is always aligned with the latest tax regulations and compliance updates. This dynamic approach guarantees that your team maintains compliance effortlessly, year-round.

## Smart Payroll Wizard

From start to finish, Greenshades helps eliminate unnecessary steps and automate complex calculations, including shift differentials and payroll adjustments, for peak efficiency. Automatically comply with jurisdiction-based tax laws, manage garnishments, and adhere to regulations concerning overtime and minimum wage. Gain instant access to payroll reports, simplify employee payments, and facilitate the seamless integration of payroll data into your general ledger for reporting.

## Manage HR Needs in One, Secure Location

Efficiently manage your employees in a single, centralized system eliminating the need for duplicate entries or multiple systems.

- ✓ Configure the onboarding experience for new hires
- ✓ Streamline benefits management and ensure ACA compliance for your workforce
- ✓ Store HR data and manage certifications and licenses
- ✓ Attract and train top talent with marketplace partners

## Flexible PTO and Time Management

Track labor hours easily for accurate accounting, including shifts across midnight, department-specific allocations, and rounding rules. Simplify timesheet management and PTO tracking with unlimited codes. Employees can also request time off and clock in remotely from any device at approved locations

## Stress-Free Year-End and Tax Filing

Experience hassle-free processing of year-end forms. With a streamlined workflow, collect and validate information like SSNs/TINs for a swift review process. Upon completion, distribute the forms electronically or by print and mail to employees and vendors. With Greenshades, you can also file and monitor federal, state, and local tax returns, new hire forms, 1095c filing, and more.

Transform your payroll and HR operations with Greenshades — where efficiency meets compliance, designed to grow with your business every step of the way.
